Florida Panhandle National Heritage Area

2nd Planning Meeting and Feasibility Study

Sept. 5, 2018
2:00-3:30 p.m.

Heritage Park & Cultural Center

139 Miracle Strip Pkwy
Ft. Walton Beach, 32548

Join the Florida Public Archaeology Network (FPAN) and the Askew Institute for Multidisciplinary Studies (AIMS) for the first meeting regarding the possibility of designating the Florida Panhandle as a National Heritage Area (NHA) and initiating a feasibility study. NHAs in the USA are places where historic, cultural, and natural resources combine to form cohesive, nationally important landscapes. Unlike national parks, NHAs are large, lived-in landscapes. A designated NHA receives recurring Federal funding and technical support from the National Park Service.
